Dear Steven,

I found the attached letter yesterday, in my mailbox (a real paper mailbox).
I know it is from IPN and it must contain some good news for us.
I know that you will have no difficulties with reading and understanding its content.

How are you and your family? Do you have, at this time, any specific plans for visiting Poland during the upcoming months?

Where do you stand with your "Academic Project"?

I hope to meet with you soon

Yours,
Haim
