This was really good... and the tie was awesome!

I think this is great for orientation groups. I'll be sending it to our team for sure.

It will be useful for Facebook, newsletters, etc. if we can splice it up in a few sections. Seeing a video is 57 minutes could cause people not to watch it so finding snippets of key elements for 3-4 minutes could be useful.

Rachel,

Here is a video on YouTube of me speaking at the Weber School in Atlanta this past March. It is a little less than an hour. I would like for you to look at it (if you don't have time you don't need to view it all). After viewing I would like to know what you think about it and how we could use it on our FB page or website. I think that you might be able to use it for orientation of your new BBC group this summer.

I will wait to hear from you before I send it along to the rest of our group.

Have a great Saturday and I hope that you get to spend Mother's Day with your mom!

Blessings,

Steven
